

WEAVING ACCESSORIES

DOUBLING STAND & CONE HOLDER

Our Doubling Stand & Cone Holder comes highly recommended; it was designed by Peggy Osterkamp and is featured in her workshops. The base model holds six cones. Also available is the convertible model holding nine small cones or sewing thread. Shown with optional Tension Box.

Base model price - \$215
Convertible model price - \$250

ANGEL WINGS

Some things are heaven sent! You absolutely must own a pair of angel wings. The wings clamp to the front or rear beams and hold your lease sticks while warping and/or weaving. The wings are made to accommodate round or flat lease sticks.

Two Hole Table Loom Angel Wings - \$45
Two Large Hole Angel Wings - \$55
Three Hole Angel Wings - \$64
Four Hole Angel Wings - \$72

See Angel Wing page for more options and information.

TENSION BOX

Wind your warp with ease. Six dowel pins, Which have been hand-sanded to a smooth finish, allow the appropriate tension for your warp or bobbin. The tension box can be used alone or attached to our Doubling Stand.

Tension Box price - \$54

TREADLING ORDER KEEPER

A handy device that clamps to any loom on which can be written the treadling order for your work. A Stainless steel pin is moved along in pre- drilled holes to mark your place.

Treadling Order Keeper - \$65

Appropriate shipping charges will be added on each accessory shipped.
Shipping charges stated are only for domestic shipments to addresses within the continental United States.

WEAVING ACCESSORIES

WARPING TRAPEZE

A warping trapeze allows you to obtain constant tension even when warping by yourself. Full directions for use are in Kati Meek's monograph, *Warp with a Trapeze and Dance with Your Loom* which is available for purchase on our books page. Each trapeze is custom built to fit the specifications of your individual loom(s) and studio size. All models have an adjustable top bar. If bar is sized for your widest loom, it can be adjusted for all narrower looms. *When ordering trapeze, specify overall width (not weaving width) of widest loom.*

(Loom, clamps, raddle, Angel Wings, lease sticks, warp, and water jugs, are not included.)

Model KM-TDL (fits most looms)	\$275
Model KM-SS (fits TC1)	\$275
Model RB (fits AVL Looms with track option)	\$275

RADDLE OR REED FEET

Make your warping time a breeze.
The two feet hold your raddle or reed securely for smooth threading.

Raddle or Reed Feet \$43.00
